TYPE-D IRON SPECIFICATION

Product Name			Type-D iron	
Product parameter				
NO.	Name	material	Weight	Remark
1	Part 1	Q235	0.1kg	Hot galvanized
2	Part 2	#45	0.07kg	Hot galvanized
3	Part 3	65Mn	0.02kg	Hot galvanized
SIZE	D	32mm		
	d	3mm		
	φ	11mm		
	L1	51mm		
	L2	62mm		
	W	25mm		
Quality requirements				

Surface requirement	1. The surface of the material can not have surface defects: scratches, depressions, burrs and other quality problems; 2. The surface of the parts is treated against rust.
Performance requirement	1. Parts can withstand tension $\geq 20\text{KN}$;
